

WE CAN BE YOUR
TRUSTED EXPERT PARTNER

Specialists in
kitchen and bathroom
projects in Ibiza

We can be your **trusted** expert partner

This is a proposal for **architectural firms, interior designers, and construction companies** that carry out kitchen and bathroom projects in Ibiza.

At **CB Electric Ibiza** we believe that we can be an excellent and reliable partner thanks to our **more than 20 years of experience and expert know-how** in this field.

Our range of services:

WE DESIGN AND MODEL TO MEASURE

We create designs to measure from plans provided by our customers, and deliver 3D visualisation solutions and proposals.

WE MANAGE EXTERNAL PROJECTS

We manage budgets on designs created by other professionals, and undertake projects using their ideas.

ON-THE-SPOT VALUE-ADDED SERVICE

We take care of the measurements, the labelling of the premises, and the integral follow-up work on accepted quotes.

WE ARE ALWAYS CLOSE BY

Personalised service by any means, in person and via chat or video conference - the client can even be on the other side of the globe.

Our methodology:

WE ADVISE, WE DESIGN, WE QUOTE

For a new off-plan project based on the client's needs and requirements, we advise on the best proposal, and present designs and a custom budget.

WE WORK IN THE ACTUAL SPACE

Upon accepting the project, we take measurements in the actual space and label the premises.

PROJECTS WITH AN INTEGRATED APPROACH

We coordinate projects, orders, receipt of parts, delivery, and assembly with constant supervision of the entire process until its finalisation.

WE ACT ON BEHALF OF OUR EXTERNAL CLIENTS

Whilst undertaking the projects of other professionals, we follow the same mechanics, translating the design into the options offered by the chosen manufacturer, and we manage everything the same way.
